PEACE AND SECURITY COUNCIL
593RD MEETING
ADDIS ABABA, ETHIOPIA
26 APRIL 2016

PSC/PR/COMM.(DXCIII)

COMMUNIQUE

COMMUNIQUÉ

The Peace and Security Council of the African Union (AU), at its 593rd meeting, held on 26 April 2016, adopted the following decision on the Commission's efforts on post-conflict reconstruction and development (PCRD) in Africa:

1. **Takes note** of the Second Progress Report of the Chairperson of the Commission on the African Union's Efforts on Post-conflict Reconstruction and Development in Africa submitted to Council pursuant Assembly Decision [Assembly/AU/Dec.408 (XVIII)], adopted at its 18th Ordinary Session held in Addis Ababa, on 30 and 31 January 2012, which stressed the need for renewed efforts towards PCRD in order to consolidate peace wherever it has been achieved on the continent. Council **also takes note** of the statement made by the Commission and by the representative of the Common Market for Eastern and Southern African States (COMESA);
2. **Recalls** all its previous decisions on PCRD, in particular communiqué [PSC/PR/COMM(CCCLII)] adopted at its 352nd meeting held on 13 January 2013 and Press Statement [PSC/PR/BR(DXXVIII)], adopted at its 528th meeting held on 30 July 2015;
3. **Commends** the Commission for the PCRD efforts it continues to deploy in support of Member States emerging from violent conflicts and crises with a view to preventing relapses, as well as promoting recovery and building resilience;
4. **Stresses** the importance of reactivating the PSC Sub-Committee on PCRD, with a view to providing the necessary political leadership and oversight on the implementation of PCRD activities throughout the continent. In this context, Council **emphasizes the need** to develop formal linkages between the PSC Sub-Committee on PCRD and the UN Peace Building Commission, to enhance coordination and synergy between African and UN-led PCRD efforts;
5. **Reiterates** the need for the Commission to scale up its engagement with the Regional Economic Communities/Regional Mechanisms for Conflict Prevention, Management and Resolution (RECs/RMs) with a view to developing appropriate PCRD programmes and implementation mechanisms, as well as supporting post-conflict Member States in establishing their own appropriate national follow-up mechanisms;
6. **Emphasizes** the importance of addressing all PCRD issues in a holistic manner, including those relating to trauma and other psycho-social needs of victims of violent conflicts particularly women, children and other vulnerable groups;
7. **Notes with concern** the resource constraints being faced by the Commission in discharging its mandate in the area of PCRD. In this regard, Council **underscores the need** for a percentage of the AU Peace Fund to be dedicated to support PCRD activities

on the continent and **reaffirms** the need to mobilize additional resources, from within the continent, in support of the African Solidarity Initiative (ASI);

8. **Notes with deep concern** that the pledges made during the ASI Pledging Conference, held in Addis Ababa, on 1 February 2014, have not yet been honoured. In this respect, Council **urges** the Commission to take necessary follow-up steps with a view to ensuring that the pledges are redeemed;

9. **Requests** the Commission to ensure that it addresses PCRD issues in a holistic manner in order to achieve sustainable solutions to challenges faced by post-conflict communities. In this context, Council **looks forward** to the operationalization within the Commission of an Interdepartmental Task Force on PCRD;

10. **Also looks forward** to the outcome of the ongoing bi-lateral consultations between the Arab Republic of Egypt and the Republic of Uganda regarding the establishment of the AU PCRD Centre;

11. **Reiterates** its request to the Commission to undertake a comprehensive review of the AU PCRD architecture and submit a report to Council in October 2016, including on steps taken by the Commission in implementing Council's decisions on PCRD;

12. **Decides** to remain actively seized of the matter.
